By defeating the All Hallows last even-ng the Y. M. C. A. basket ball team won he championship of the city and the championship cup. The Salt Lake basket ball league epened the season in the mid-lle of Junuary and since that time has played a total of mine games, five of which have been won by the Christians, our by the L. D. S. and the All Hal-ows, the other member of the league, aving played the season without win-ling a game.

having played the season without winning a game.

The crowd last evening, as usual, filed
the hall and appeared to be as enthusiastic over the sport as when the season
lirst opened. The game between the Au
tifallows and Christians, although rather
one-sided, was very interesting on account of the carnest playing of both
teams. At the beginning of the contest
the Collegians played in unusually fine
form and for the first ten minutes held
down Capitain Johnson's men to an even
score, but at this point of the game the
boys from the east side seemed to lose
their grip and Y. M. C. Ar players began to pile up the score, which stood il to
6 in their favor at the end of the first
half.

in their favor at the end of the first alf.

At the signal to play bali in the last alf Rippeto turned himself loose and led up six more points in half as many inutes. "Rip" followed this with two ore goals, which, with a goal each om Johnson and Clark, gave the Christans 14 points in the second half against. Fanning's 2 for the All Hallows.

According to the score card Tregea ayed the star game of the ending by cot allowing a goal to be thrown by his rward and at the same-time came out the contest with clean foul record.

The girls game between the L. D. S. and Webster teams was also very intersting and perhaps the best played in the ris' league this season. The improvement in the style of play of both teams as been remarkable and they have eached a point where they exhibit the ame vim and dash noticed in the men's flaying. The playing of Edna Worthen as the feature of this contest, this star layer making 11 out of the 13 points cored by her team.

One more game remains to be played in the girls' league between the L. D. S. and Hamiltons, and it will be necessary or the latter to the the Collegians in refer to get a chance at the girls' chamiltonship.

Fremonts Defeat Scratchers.'

The first game of basketball of the series of three between the Fremonis and Scratchers was won by the former team yesterday by a score of 6 to 5 in two twe-ty-minute halves. A second game was the property of the larger score of 16 to 2, Russell Hunter of the latter team making six of the baskets and Vall Wightman scoring two. The last contest will be payed today, and if won by the Fremonts, will settle the series in their favor.

Fast Basket Ball Games Arranged. Arrangements were completed yesterday for a series of three basketball games between the local Y. M. C. A. and the Danville (Ills.) Y. M. C. CAN'T MAKE THE RACE.

Efforts to Pull Off Big Trotting Match Unsuccessful.

to the conditions stipulated by Thomas W. Lawson of Boston, that the proposed race between the trotters. The Abbot and Boralama should be for four heats in seven. Mr. Scannell made the following statement:

"A misunderstanding having arisen between Mr. Lawson and myself as to the terms and conditions of the proposed match for 25,000 a side with the privilege of increasing the sum to \$50,000, between The Abbot and Boralama, and being anxious to gratify the desire which the public seems to have for a contest, I am willing to waive my of actions to the proposition of Mr. Lawson that the race should be for four heats in seven. I do not believe in subjecting so valuable a horse to such a strain, but as I have already conceded everything else contended for by Mr. Lawson, I have decided to make this last concession and have deposited a certified check for \$10,000 to bind the match. I am sorry that any hasunderstanding should ever have arisen and I am sure that the owner of Boralama will appreciate my sincerity when he realizes that I have conceded everything that he has asked for."

any possibil 7 that a race might be arranged between Boraiama and The Ab-

It was immaterial to me how many heats there were in the race. I would have been willing to race three in five heats if he had so stated at first, but when he said he would race The Abbot four in seven I accepted that offer. When he talked with me over the telephone this was perfectly understood.

"Then when my representative was ready to sign the agreement objection was made to four heats in seven and he raced four heats in seven and he raced four heats in seven. Now I do not do business in that way. When I give my word I keep it, and when Mr. Scannell announced that he would not race The Abbot as he had agreed to, then, as far as I was concerned the race was off. Under no circumstances will I take up the matter again—no matter in what form it comes to me."

TRIED TO SLUG JEFF.

Chicago Saloon Man's Effort to Secure Revenge on Champion.

Chicago, March 21 .- "Bull" Flaherty, saloonkeeper, made an accempt to slug Champion Fighter Jim Jeffries, but wound up by getting the worst of it. The ncounter took place in front of the Academy of Music, It seems that Fla-herty had been brooding over the fact that he had lost \$500 on Tom Sharkey in become pretty well reconciled, however, the biliboards announced the appearance of the champion at a west side play house. Then it was that Fiaherty decided upon what he thought the best way to square things with the man who ad humiliated him and, incidentally, whipped Sharkey.

square things with the man who ad huminated him and, incidentally, whipped Sharkey.

Just as Jeffries stepped out of the main entrance of the Academy of Music, Flaherty stepped in front of him and swunghis ponderous tight at the jaw of the champion. Surprised into leaving a good opening. Jeffries caught the biow just back of the ear and it staggered him a bit. Flaherty came back with a hot left, almed at the same point.

Then there was trouble for Flaherty. The champion blocked the second punch and gathered the large form of the saloon keeper in his bear-like embrace. When Justries brawny arms closed around Flaherty the saloon keeper yelled for help. It came in the form of a policeman, who pried the men apart.

Waterbury. Conn., March 21.—Two thousand people at the Auditorium tonight saw Joe Wolcott of New York easily put Charlie McKeever of Philadelphia out of the running in the sixth round of what was to have been a twenty-round go. Wolcott had the better of it all the way through, for while McKeever was quick and shifty on his feet, he was no match for his dark skinned opponent. For five rounds he stayed gamely, receiving some terrific punishment on the body, but shortly before the end of the sixth round a punch over the heart did the trick. The men met at catch weights.

New Men for Salt Lake Team.

Captain Aisley of the Salt Lake team announced yesterday that contracts had been sent Relly and McNeally of last year's Denver league team, and he expected to have them signed and returned in the next few days. Relly is a third baseman, and captained the Denver nine last season, and was considered one of the best men in the Western league. McNealy held down the reber for the same team, and will bring an enviable reputation gained through his good work. These two players have been out on a ranch ail winter and will not need much practice to get up to playing form.

The fine weather of the past few days has given the golf cranks the fever. A number of them have been out examining the course the past week and decided that some new improvements were needed, and the meeting was called for this purpose. The directors decided to give the greens committee, consisting of J. Aicott Thompson, chairman; Hal. Channing, Reid and Shoup, the sum of \$2,200 to improve the links. The committee announced last evening that it would build up all the bunkers, and make the changing of the course is also under consideration, and may be decided upon if after an investigation of the grounds, the plant proves feasible. It is stated that if the weather continues to be fine for the rest of the month.

At that time a number of interesting tournaments will be arranged to carry the players along into the summer season, Nothing has as yet been done about an instructor, and it may be possible that none will be engaged this year.

Mr. Lawson said last night in regard to the matter that he would be glad to take the boat across, but there was no probability of her being sufficiently tried out in time to attempt the trip to the other side. Continuing, he said:

"From the present outlook, the Indepandence will not be launched until the first part of May, and it will take at least two weeks to put her in trim for racing after she takes the water. Three weeks would be required to cross the ocean under jury rig, and considerable time would be necessary in order to rerig for racing after the Clyde was reached."

New York, March 21.—It is not likely that any New York yachtsmen will accept the committee's invitation. A leading member of the New York Yacht club ing member of the New York Yacht club said last night:

"There is so much interest in the races for the America's cup that the general disposition is to remain near the ground en which the matter will be decided. At any other time many Americans would be glad to make the trip, but in this instance it would be a hurried race there and back, with no time to spare, and owners of crack racers like to stop over and fraternize with members of foreign clubs when they reach the other side of the pond."

RIGHT OF COMPANY TO SHUT OFF WATER MAY BE TESTED.

Shut-off Cocks of Consumers Are Private Property-The Company O Makes Light of the Point.

An interesting law point may come O into court in connection with the water from his brother, Iver, now in Austra-lfa, in which the latter states that the party of riders, including himself, Chap-den, it is known has given notice that den, it is known has given notice that water will be shut off unless rentals are paid by March 23. The city council has issued an address to the water consumers, urging the non-payment of rentals pending the settlement of litigation. Now there are hundreds of people in Ogden who could not afford to have their water shut off, even for a fortnight, and the counsel of the city fathers was read with some surprise yesterday morning, but it was prise yesterday morning, but it was den, it is known has given notice that prise yesterday morning, but it was hinted that the council had good fighting ground for their contest. It was lea.ned that one reliance was the fact that the water consumers own the shut-off cocks, by means of which the shut-off cocks, by means of which the company would have to turn off the water. The consumer pays for this, which is located on the curb line when he has the water connected with his house. It is proposed to resist interference with this shut-off on the grounds that it is private property. An action against a party endeavoring to shut off the water might be brought as a misdemeanor, coming under the head of trespass. In such case it would not have to go to the federal court. The city would have the advantage of a police department to assist in protecting consumers from such interference.

The Company's Side.

The Company's Side.

The above are the views of men in sympathy with the city. Manager Kircher of the company said in relation to the matter: "It is true the patrons own the stop-cocks, but they are located on the cu.b by the company with the express understanding that they are to be used in shutting off or turning on the water. However, the point is of little moment to us. There is another stop-cock at the main, which is the property of the company and may be used to shut off the water."
